## THE BALANCE BETWEEN TRADITION AND MODERNITY

A university that is as outward - looking and cosmopolitan as the city from which it takes its name.

### URBAN DIVERSITY IN THE CITY OF BARCELONA

The UB is integrated into the city of Barcelona, with faculties located in the centre of the city or very close to it. Thanks to its location, the UB has become the centre of a wide range of cultural activities, allowing members of the university community to enjoy both the city's services and those of the UB.

The very own history of university is closely tied to the history of Catalonia. Our university combines the values of tradition with its position as an institution dedicated to innovation and teaching excellence. Its work contributes to the creation, transmission and diffusion of cultures, as well as promoting critical thinking, innovation and pluralism.

### HISTORICAL HERITAGE AT HEART OF CATALAN CULTURE AND SOCIETY

According to the international ranking Best Global Universities (BGU) for 2017 UB stands out as the leading university in Spain. The university holds the 86th position worldwide. At the same time, it has been the only Spanish university to have been awarded the maximum international category (A++) according to University Ranking by Academic Performance. Moreover, UB is the first ranked university in Spain and the 156th among all the universities in the World in the QS World University Ranking 2018.
