## COMPANY DESCRIPTION

SAP started in 1972 as a team of five colleagues with a desire to do something new. Together, they changed enterprise software and reinvented how business was done. Today, as a market leader in enterprise application software, we remain true to our roots. That's why we engineer solutions to fuel innovation, foster equality and spread opportunity for our employees and customers across borders and cultures. SAP values the entrepreneurial spirit, fostering creativity and building lasting relationships with our employees. We know that a diverse and inclusive workforce keeps us competitive and provides opportunities for all. We believe that together we can transform industries, grow economics, lift up societies and sustain our environment. Because it's the best-run businesses that make the world run better and improve people's lives.

## ABOUT THE TEAM

Intelligent Enterprise Business Solutions (IES) organization implements integrated and scalable SAP business-technology products, striving for the best user experience and influencing SAP's product development, applying embedded innovation like Machine Learning, Analytics, and RPA into product delivery and supporting and enabling our people to grow as professionals.

In doing so, IE Operations (IE Ops) team is responsible for the smooth running of all business-critical systems and applications at SAP and provides additional value-added services to the internal employees. Within IE Ops, the IE Solution Management & Operation (SMO) team integrates SAP's innovations to the existing business system landscapes and provides stable system operations.

IE Solutions Management Business Systems Germany within SMO is orchestrating the systems that run SAP's business. We are responsible for building, maintaining, and operating the internal business system landscapes

## THE ROLE

- Continuous improvement of daily operations supporting internal agile projects teams
- Generate ideas with a fresh and outside-in perspective
- Support various communication activities and knowledge management projects such as drafting content for emails, SharePoint pages, presentations, and onboarding material
- Support other SMO initiatives within IE Ops, including workshop preparation and team-building support activities
- Support internal app development/product team for planning of operational activities
- Support technology research with the use of SAP's latest innovations
- Support technology or development Projects
- Development and Testing of SAPUI5 Application within a ScrumTeam

Preferred start date 01.08.2021; Minimum employment duration 6 months; Minimum working hours per week 15h

## ROLE REQUIREMENTS

- Student (f/m/d) at a university or a university of applied sciences
- Preferred fields of study: Computer Science, Information Science, Business Administration, or shown affinity with project management
- Computer skills: MS Office, MS Teams, MS SharePoint, JIRA
- A plus: HTML 5, JavaScript, SAP UI5
- Language skills: fluent in English, German as a plus
- Soft skills: team player, enthusiastic, good communication and collaboration skills (especially in a virtual environment), open-minded, pro-active, and self-dependent working style, reliable, and curious towards new technologies

*Your set of application documents should contain a cover letter, a resume in table form, school leaving certificates, certificate of enrollment, current university transcript of records, copies of any academic degrees already earned, and if available, references from former employers (including internships). Please also describe your experience and skills in foreign languages and computer programs / programming languages.*

*#Workingstudent #Werkstudent #Internship #Praktikum #Thesis #Germany #Deutschland #Student*

The position can be filled as part time position.

## SAP'S DIVERSITY COMMITMENT

To harness the power of innovation, SAP invests in the development of its diverse employees. We aspire to leverage the qualities and appreciate the unique competencies that each person brings to the company.

SAP is committed to the principles of Equal Employment Opportunity and to providing reasonable accommodations to applicants with physical, sensory and/or mental disabilities. If you are interested in applying for employment with SAP and are in need of accommodation or special assistance to navigate our website or to complete your application, please contact us at [Careers@sap.com](mailto:Careers@sap.com). Requests for reasonable accommodation will be considered on a case-by-case basis.
